

Most people learn to dance simply so that when they next go out and the band is playing, they can get out on the dance floor and enjoy themselves!

Weddings, parties, balls or even a band at the local pub present the opportunity and with our lessons you are able to get out there with confidence - having a great time and showing off your best moves!

There are quite a few opportunities to practise your new found talents in public.

GET ALL THE UP TO DATE INFORMATION ABOUT OUR CLASSES AND PRACTICE SOCIALS ON OUR FACEBOOK PAGE, "STRICTLY EZYDANCE".
